

MERCULES LOADMASTER RANGE

LOADMASTER

HLM70 LOADMASTER

Operating Weight 7300kg

Rated Load Capacity 2,000kg

Weichai Engine Power 70kw/95hp

HLIVI85 LOADMASTER

Operating Weight 8500kg

Rated Load Capacity 2,500kg

Weichai Engine Power 92kw/125hp

LOADMASTER

HLM105 LOADMASTER

Operating Weight 10,600kg

Rated Load Capacity 3,000kg

Weichai Engine Power 92kw/125hp

HLM125 LOADMASTER

Operating Weight 12,000kg

Rated Load Capacity 4,000kg

Weichai Engine Power 129kw/170hp

Operator Comfort

Control Transmission System

All *Loadmaster* models have a 2-speed high/low transmission, activated by 2 levers on the left side of the steering wheel for ergonomic operation.

More torque in low speed improves reaction and acceleration.

Modern Controls

All Hercules loaders have an instrumental dashboard and integrated switching with ergonomic joystick controls. Manual gear change varies amongst models. Full hydraulic load sensing steering delivers easy operation and more comfort with large bearing design in the articulation to improve load capacity.

Access and Maintenance

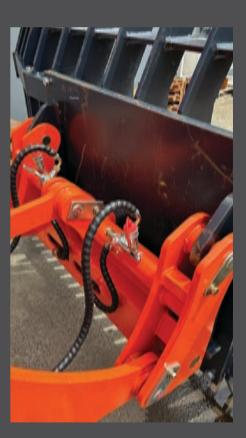

Parts & Service
Full dedicated Hercules parts division supports the maintenance of your loader, many of our loader parts can be dispatched within 24 hours. Our professional and highly trained service division is available for after sales support, we take a proactive approach towards customer service by continuously training our personnel on the loader technology.

Warranty
Every Hercules Loadmaster series loader is covered by a 12 month / 2,000 hour (whatever comes first) parts and labour warranty.

Quality Features

Scales

- Constant 4x4 Drive
- Quality Mechanical Suspension Seat
- Electronic Pilot Joystick Control
- Air Over Hydraulic Brakes
- Tow Point

(Supplied & Fitted)

UHF Radio

Extra Large Luxury Cabin

Operator Comfort

The wrist, arm rest and right-hand side console are ergonomically positioned for the operator

Optimum 360° Visibility

A windshield without pillars enhances visibility levels from the operator seat

Reverse Camera

Extra large - colour

Air Conditioning

Ease of Accessibility

Daily checks can be made from the ground level, making life easier on the job site and allowing you to work productively:

- engine cover
- radiator openings
- grease points
- oil levels
- fuel filters

LOADMASTER

Strength and Reliability

Designed with operators and owners in mind

Our new Hercules Loadmaster loaders have been designed and bulit for budget-minded customers requiring low-hour environments. Retaining the well-known quality of other Hercules builds, the Loadmasters offer a variation in transmission and engine types.

Service Department

Service and customer backup support 24/7

A comprehensive range of spare parts to ensure optimum service.

Accessories

Post Rammers to suit all loaders

Hay Forks

Pallet Forks / Hay Spikes Combo

Hydraulic Log Grab Hydraulic Pipe Grabs

Rippers
